PETITION FOR REHEARING

Pursuant to Supreme Court Rule 44, Dean Loren petitions for rehearing of this Court's November 19, 2018, No. 18-5925 decision. Loren files within 25 days. Loren moves this Court to grant Loren's petition for rehearing and consider his case with merits, briefing and oral argument with a full record for joinder with cert granted 17-1702.

REASONS FOR GRANTING THE PETITION

First, Justice Sotomayor Failure To Recuse - Prior recusal, recorded calling Loren "A Miserable Fag", and substantial Father O'Hare relationship. Justices Sotomayor and Bader Ginsburg should have recused themselves from the 11-19-2018 decision as Fordham's Father O'Hare blacklisted Loren's law license, Chief Justice John Robert's New Teacher Foundation terminated Loren's employment after hiding a New York City 4:59 PM June 31, 2000 email that exonerated Loren, and Chief Justice Roberts' involvement with Madoff US Treasuries Money Laundering of Iran-Contra revealed by Madoff on April 26, 2017-involving Doris Sassower, Evelyn Goldberg and Dean Loren. Iran-Contra funds financed and built over 200 private properties secretly rented to Judiciary Council for courts. See Madoff rented courthouses: 500 Pearl Street, Newark, New Jersey, Portland OR and Las Vegas NV. The FBI Data Center on Custer Hollow Rd, Clarksburg, WV is a "Madoff" property leased to the FBI.

Second, neither this Court nor any US Federal court has ever issued a decision or opinion for non-electronic filers without a FRAP Rule 4 - 60 day filing period with a three day US Postal delivery consideration that involves suit of a federal employee. But that is what precisely happened: without Due Process, the 2nd Circuit calculated under FRAP Rule 4 with a 30-day appeal period for non-electronic filer Loren, against a Chief Justice Robert's employee-SDNY

federal law clerk Kyle Wood, represented by the General Solicitor, who refuses to take part in this time period calculation fraud.

Third, Manhattan Community Access Corp's (known as MNN) fails to disclose MNN Board Director - Manhattan Borough President Gale Brewer was personally involved in banning Public Access Producers as a state actor - revealed by Paula Gloria 01-28-2016 email admitted in court by all parties. MNN's assertion that Loren sent the 01-28-2016 email, and did not appeal dismissal Chief Justice Robert's employee Clerk Wood is without basis of Fact and Record, and criminal perjury, as the 2nd Cir Clerk amended the erroneous docket, rubber stamped by Judge Engelmayer's clerk, (scanned by Loren), to include Chief Justice Robert's Fed Clerk Wood name in Loren's 2nd Cir. appeal. MNN admits facts and legal issues of 18-5925 are substantially the same as 17-1702.

This Court did not acknowledge why Chief Justice John Roberts did not take part in the decision. Chief Justice John Roberts was (i) the defacto employer of Fed Clerk Kyle Wood who attended the secret presentment of a Class A Misdemeanor in a Secret Court at 500 Pearl Street on January 28, 2016, (ii) responsible for renting and security of 200 private buildings rented for courthouses, (iii) personally oversaw New Teacher's Foundation contract to hire 10,000 teachers through an illegal CUNY Research Foundation 501(c)(3) that Loren exposed, and (iv) John Roberts' New Teacher Foundation failed to produce the July 31, 2000 4:59 PM email from NYC General Counsel Vignola to fire Loren for being the whistle blower on 10,000 phantom teachers whose salaries and pensions were used to buy US Treasuries through Bernard Madoff 's House 17 - 703 account via House 5 Accounts using Merrill Lynch, and Chase Bank as admitted by Bernard Madoff on April 26, 2017 prison deposition. Some 5,300 Microfilms evidence Treasury purchases, but NOT REVIEWED by FBI nor Trustee Picard - admitted 06-29-2017.

I. Should Justice Sotomayor's Failure To Recuse re: Prior Recusal - September 11, 2006 taped bench remarks 2nd Cir 05-cv-4846 calling Loren a "Miserable Fag"; Father O'Hare relationship; and failing to note Loren recusal on her US Supreme Court Application - constitute substantial prejudice to Loren's 18-5925 argument with 17-1702, that substantially involves Chief Justice Roberts and his recusal?

On September 11, 2006, Justice Sotomayor from the bench called Loren a "Miserable Fag", recorded on tape, 2nd Cir 05-4846. On October 10, 2006, Loren personally spoke with Sotomayor Law Clerk Danielle Tarantolo and emailed Tarantolo immediately after Loren received the tape of the Faggot Slur used by Sotomayor and Cardamone (Katzmann participated from the backroom). The next day, all three judges recused themselves with the case assigned to 2nd Circuit Judge Straub. At the time, Chief Justice John Roberts was simultaneously being considered for a Chief Justice Rehnquist's seat on this Court's Bench.

On May 29, 2007, Loren filed a 2nd Cir Complaint 07-9023-jm which noted the FAG slur used by Sotomayor. On December 8, 2006, Loren confronted Justice Chester Straub if he was going to call Loren a "Miserable Fag" and admonished all the clerks attending for walking by Judges in the Back Room communicating to the bench by microphone.

On July 13, 2009, Justice Sotomayor purposely did not list her 9-11-2006 recusal on her Supreme Court Questionnaire to protect Chief Justice Roberts' New Teacher Foundation contract with illegal 501(c)(3) CUNY Research Foundation in Loren v. Levy, US Sup Ct 05-6091 and shield Chief Justice Roberts' involvement with Father O'Hare and Hogan & Hartson's Bronx Charter School award next, to Fordham University on Fordham Road, Bronx.

Justice Sotomayor's relationship with Father O'Hare and NYC Campaign Finance Board, was covered extensively in her application, hearings and related to Justices Cardamone and Katzmann's recusals as Loren sued Father O'Hare and Feerick for blacklisting Loren's Law

License regarding Hughes Hubbard's extortion and Loren exposing Hughes Hubbard set-up of off shore tax accounts for Madoff that Peter Madoff used to contribute to Justice Preska's Fordham University Law School building construction fund. Discussed below.

Loren's Domestic Law Professor Deborah Batts forced Hughes Hubbard to reveal Wayne Warnken, Esq. had called Fordham Asst. Dean Georgina Vairo to extort Loren over Loren's stolen farm documents. Loren v. State of New York, et al, Loren v. Kaye, and Loren v. Character & Fitness committee filed in this Court's archives. Justice Sotomayor is not going to deny her taped recorded FAG slur that Loren hand delivered to Saudia Arabia and China.

II. Should Justice Bader Ginsburg Failure To Recuse re: blacklisting New York Attorney Doris Sassower and Dean Loren as related to US Senator Moynihan's Judicial Nomination Committee with 2nd Cir Justices Katzmman, Straub and Richard K. Eaton in the matter of Bernard Madoff US Treasury Bonds before SDNY Bankruptcy Judge Bernstein and Magistrate Maas involving New York State Surrogate Judges Renee Roth and Albert J. Emanuelli and 500 Pearl Street Secret Court and rental by Federal Judiciary Council and Chief Justice Roberts?

In 1994 October Term, NY State Attorney Doris Sassower filed petition for cert that included a written Surrogate Judge rigging deal for Albert J. Emanuelli to be cross-endorsed for judge in 1989, resign in 1990 and be nominated for Surrogate in 1990 (an illegal bench exchange consideration). Sassower was considered the front runner for the seat that Justice Ruth Bader Ginsburg would receive, but was permanently suspended without a hearing three days after the Cross Endorsement Deal was published in the Westchester edition of the New York Times. See Appendix A29-30, Three-Year Judge-Trade (aka Westchester 7 Deal).

On March 7, 2013, Federal Election Accounting evidenced Ruth Madoff and Emily Madoff using Beth Cahill's Emily's List to fund campaigns. On May 5, 1980 supporting records evidenced Father Drinan, Father Gigante and Father O'Hare of Fordham using US Treasury

Bond Margins purchased with Iran-Contra Funds for US Senators Moynihan and Ted Kennedy campaigns. Moynihan's Chief of Staff (Justice) Richard K. Eaton, Senate Counsel (Justice) Straub, Nomination Committee Judah Gribetz of Mudge Rose and (Justice) Katzmman received US Treasury Margin Market Proceeds via Father Drinan and Mary Beth Cahill. In May 1, 1985, Emily's List (named after Emily Madoff) was created to funnel proceeds via Trusts and Estates using Surrogate Judges, one of which was Emanuelli, another Renee Roth. Justice Ginsburg's husband Martin D. Ginsburg invested in these margined US Treasuries that were later sold to Pensions, China and Japan creating an impermissible bench conflict for Justice Ginsburg.

On July 3, 2008, Gisella Weiss Haus found Edgar Bronfman's World Jewish Congress agreement signed in 1998 for the pay to play by German, Swiss and Austrian banks to pay Holocaust Restitution in exchange for Mortgage Account Access two years ahead of the key lawsuit with special masters Judah Gribetz, Alfonse D'Amato and Charlie Moerdler.

On April 16, 1993, Evelyn Goldberg was secretly given a January 23, 1993 Wolf Popper Memo authored by John Fisher, Esq., Partner, to Emily Madoff Esq. (Emily's List) that expressly outlined how Surrogate Roth was fixing the Estate of Simon Goldberg, the late husband of Evelyn Goldberg, who was also a Canadian Citizen, UN officer from Canada, and Madoff investor through Wolf Popper LLP. On June 8, 1993 (seven days before a hearing to remove Simon's executor for corruption) in retaliation, Surrogate Roth slapped without a hearing Evelyn Goldberg with a Guardian ad litem, secretly manufactured by John Fisher, Harvey Corn, and Judith Siegel-Baum. NY State AG David Abrams covered up the Madoff Trusts and Estates thefts to launder Iran-Contra money laundering.

On September 18, 1992, Loren received Fordham Dean Georgina Vairo's admission that was forced by Deborah Batts to name Hughes Hubbard's attorney Wayne Warnken as Loren's

extorter. Batts was nominated SDNY Judge by Moynihan, refused to recuse as a Witness, and dismissed Loren's case. Loren v. Kaye and Loren v. Character & Fitness Committee, both filed in this Court's archives evidence Batt's conflicts as a witness.

On January 5, 2004, Charlie Moerdler failed to reveal he headed Mayor Giuliani's 2008 Presidential Bid in NY and NJ and received a Giuliani NJ Electoral College designation. Moerdler denied Loren's law license application to shield Giuliani and Madoff Iran-Contra monies that built 500 Pearl St and 200 other private properties rented to the Judiciary Council.

On November 15, 2008, Evelyn Goldberg was murdered. On March 6, 2012, Loren was made Executor of Evelyn's Estate. Loren discovered in the files the evidence of illegal Guardian ad Litem, Special Hearing Transcript statements of GAL Fraud, phony death certificates and amendments, and in 2012 went to Bankruptcy Trustee Picard about Wolf Popper's Emily Madoff and the Madoff US Treasury Iran-Contra Fraud perpetrated with Michael Bloomberg's Computers. On April 12, 2012 Mayor Bloomberg accused Loren of stealing \$73,573 which was taken from Evelyn's Merrill Lynch Account and placed in an offshore Bank of America Las Vegas account ID 941687665, Act # 047959398000000. Merrill Lynch freaked when Loren confronted the fraud. Bank of America denied the Las Vegas off shore Madoff Account in the Cayman Islands existed. Trustee Picard now seeks restitution from this Madoff BOA account.

Beginning March 1, 2014, Loren traveled to Washington DC to seek Madoff Restitution for Evelyn. As a result, US Senators Barbara Levy Boxer (CA) (related to Emily Madoff by Marriage) and Barbara Mulkulski (MD) resigned for their part in the Madoff Treasury Iran-Contra Emily List Scheme. Loren personally spoke to Senators Hatch, Hirono, and Feinstein.

On December 1, 2015, Loren learned of unknown Simon Goldberg Accounts in Canada, used to launder Madoff monies and filed with US Treasury, Canadian Counterparts and the IRS. Manhattan Surrogate Mella sua sponte put over 190 documents on the Simon Goldberg Docket.

Loren believes the Canada Madoff TreasuriesIran-Contra were the basis for the January 28, 2016 attack at 500 Pearl Street. Madoff admits to Canada Accounts on April 26, 2017.

On January 28, 2016, Lydia Radin and Loren were violently attacked outside Judge Pauley's courtroom after the Halleck Hearing at which Paula Gloria's email named MNN Board Director - Manhattan Borough President as a state actor in banning Public Access Producers like Loren and fourteen others, not including Halleck. Radin was charged by Judge Preska with a Class A Misdemeanor - Simple Assault on Federal Officer for "touching" an Inter-Con Security employee under Chief Judge Preska and a secret presentment was held immediately with 14 Federal Attorneys, Marshals, Homeland Security Officers and Judge Pauley's Clerk Kyle O Wood. Loren was arrested but not charged. When Loren asked about Fed Clerk Wood and the Presentment Class A Misdemeanor on a Central Violation Bureau ticket, Judge Pauley shifted Wood to the Suffolk County Attorney's Office so that Wood would not be a witness. US Marshal Braggall refused to produce the video of the 14 Federal Officers and Fed Clerk Wood entering Magistrate Peck's Chambers for Judge Preska's Presentment.

On July 1, 2016 Loren discovered the following: (i) Officer Pena was a Blackwater Private Security Monitor, (ii) 500 Pearl Street was owned by the City of New York and St. Andrew Church and rented to Chief Justice Roberts through an unknown intermediary; (iii) The Judiciary Council's Pacer and the Central Violation Bureau rent the Madoff Buildings located on I-10 San Antonio Texas; (iv) FBI Data Center at 100 Custer Hollow Road, Clarksburg, WV is one of the 200 Madoff Buildings built by CIA Robert Gates, DOJ William Barr and FBI William

S. Sessions and rented to the FBI; (v) all of the 500 Pearl Street CVB violation fines are collected off the books; (vi) Magistrates double bill for CVB hearings; (vii) CVB fines collected by the Federal Reserve Bank of Philadelphia use a CVB postal address; (viii) 500 Pearl Street Security Videos transmit over the power lines to the DHS in Washington DC via AT&T First Responder Band and could not be destroyed, (ix) no paperwork exists for Security Monitor Pena to be a Special US Deputy Marshal; (x) Newark Courthouse (USA v. Burg) and Portland Courthouse (USA v. Mumford) were running phony CVB felony violations as well, and that Las Vegas was being set up for the Bundy Trail to falsely arrest protestors.

On July 7, 2016, Loren personally showed new SDNY Chief Judge McMahon the secret Off-the-Record Preska Presentment Class A Misdemeanor Hearings held before Magistrate Freeman on 5th fl. while McMahon was doing her first day tour. Chief Judge McMahon freaked!

On July 14, 2016, Chief Judge McMahon falsely asserted and RUBBER STAMPED a decision that Loren authored Paula Gloria's 01-28-2016 email exposing MNN Board Director-NYC BP Brewer as the state actor involved in banning of Public Access Producers in 17-1702.

On February 2, 2018, Chief Judge McMahon admitted in Tremont, that she didn't know who was rubber stamping her decisions concerning her husband Frank Sica. Loren noted conflicts with McMahon's clerk rubber stamped his decision involving Paul Weiss Attorney Robert Schumer, McMahon's law partner, and brother of Chuck Schumer who she defended. Judge Engelmayer refuses to sign his orders as well and the Judge Englemayer, MNN and the City of New York all falsely assert that I wrote the Paula Gloria 01-28-2016 email.

On April 26, 2017, Bernard Madoff admitted in a prison transcript that he laundered Iran-Contra US Treasuries for his House 703 Account through his sons in the House 5 Account.

On June 29, 2017, Madoff Trustee Picard admitted that the FBI and the Trustee never looked at 5,300 microfilm reels of Madoff Treasury Trades from 1980 to 2000.

III. Should This Court Resolve Substantial and Important Factual Issues in 18-5925 With Full Briefing and Argument with Related October Term 2018 Granted Cert Case 17-1702 involving Manhattan Community Access Corp. Board Director - Manhattan Borough President Gale Brewer as the state actor in the banning of Public Access Producers and Justice Robert's employee Kyle Wood?

This Court with employer Chief Judge Roberts of Federal Clerk Kyle Wood shall permit Loren to brief and argue 18-5925 as a related case to 17-1702. Both the City of New York and MNN admit that 18-5925 is the same facts and law as 17-1702, except that Loren points out MNN Board Director-Manhattan Borough President Gale Brewer is the state actor involved in the banning of Public Access Producers and she controls the Franchise award to MNN. Loren has timely met every filing deadline in this Court and below.

CONCLUSION

Dean Loren requests Justices Sotomayer and Bader Ginsburg recuse like Chief Justice Roberts and this Court grant petition for rehearing and order briefing and argument of this case.
